# Healthy Children

Optimising Children's Health with Herbs

Rob Santich & Kerry Bone

## NEW RELEASE!

### Healthy Children – Optimising Children's Health with Herbs

#### *The first of the new "Phytotherapy Essentials" series*

Healthy Children has been written with the special needs of children in mind. The benefits, risks and requirements for herbal therapy in children differ from those in adults. This book outlines the key principles that govern herbal practice for this special patient group. A well-researched text, written by Rob Santich and Kerry Bone who together have almost 50 years of clinical practice, this book provides a comprehensive treatise on the common health problems encountered by children. Sound, practical information based on clinical experience as well as evidence-based research, provides a balanced and authoritative approach to children's health.

#### FEATURES

- The first comprehensive text on children's health for the natural therapist.
- Contains up-to-date medical and herbal information on all of the major childhood disorders.
- A detailed examination of around 40 common children's health conditions.
- Tablet and liquid protocols are provided together with relevant case histories.
- Written by authors with a combined clinical experience of around 50 years.
- Contains approximately 200 pages including a comprehensive index.

#### SPECIAL OFFER
